TRANSFORMERS FOR EVERY PURPOSE

TRADE THORDARSON MARK

500 W. HURON ST. COR. KINGSBURY

CHICAGO

Oct. 5, 1927.

The Milwaukee Radio Amateurs' Club Inc.,
601 Enterprise Building,
Milwaukee, Wisc.

Gentlemen: Att: D. E. Seibel, Secy.Treas.

Received your letter of Sept. 23 and have noted its contents. However, I have been unable to get an answer to you at an earlier date.

I am at this time advising that due to changes in our types of transmitting transformers, we have not completed any of our units for stock apparatus, and we are building only those which are on order.

We at this time cannot build them fast enough to fill our present orders, and you will therefore readily understand our position.

We are very sorry we cannot accommodate you in this request, and sincerely hope that you will appreciate this condition, as we have outlined it.

With best 73s, we are

Very truly yours,
THORDARSON ELECTRIC MFG. COMPANY.
